About Natural Sound

Natural Sound Recording Studio is a 24-track, all-digital recording facility conveniently located in St. Paul. We offer state-of-the-art equipment and 20+ years of experience to insure you receive the highest quality recording.

The Package

Natural Sound has created a special recording package designed specifically to meet the needs of bands and small groups

For only **\$300.00** we will professionally record your group. The recordings can be used for a variety of purposes, including at-concert sales and promotional packages.

612-670-9348

The Details:

To achieve that crafted, studio-quality sound, we offer 10 hours of studio time for your group to come to our facility and record a 3 or more song CD. Our package includes the services of a professional engineer and producer, the use of all our in-house equipment and instruments, and all mixing and mastering. Additionally, you will receive 5 copies of your CD with any language and artwork you specify.

Other packages and bulk rates are also available. Please contact us for specifics.

Other Services

Duplication

Natural Sound also offers duplication services. If you need more than the 5 CDs included with this package, Natural Sound can provide you with any number of additional CDs at a very reasonable cost.

Promotional Assistance

Our recording packages offer your band or small group a great opportunity for promotion. CD sales at your live performances are a great way to increase income, and help you make a personal connection to your audience.
